

Get started: build a team, develop a vision, and define the challenge.

Briefing		Challenge
Capture the key problem statements.		We will (re)design _____ _____ _____
		for _____ _____ _____
		in a world where _____ _____ _____ _____ _____

Understand the enterprise: meet your audience and explore the problem space

The diagram illustrates two adjacent white rectangular areas, each representing an interview space. The left area is labeled "Interview" and "Meet your customer." in the top-left corner. The right area is empty.

Capture the status quo > envision the future: make models

The diagram illustrates a two-step process for environment modeling. It consists of two large rectangular boxes, one on the left and one on the right, connected by a central arrow pointing from left to right. The left box has a dark header with the text 'As is' and a white body with the instruction 'Draw a model of the current environment.' The right box has a dark header with the text 'To be' and a white body with the instruction 'Draw a model of your solution.'

4. Experiment 0:10

Develop options: get inspired, note and sketch ideas, and make the future enterprise visible.
